

RESELLER'S WAIVER

This waiver serves as a non-binding and non-exclusivity consent between W&Rx Bioceuticals Inc. and the reseller, _____ of _____
(Complete Name) (Complete Address)

I. RESPONSIBILITIES

- The reseller is responsible in rechecking the quality and quantity of the product upon receipt.
- The reseller is expected to promote the product only based on facts and product knowledge.
- W&Rx Bioceuticals Inc. shall provide marketing and promotional materials about the products that are typically distributed to consumers.

II. OBLIGATIONS

- The reseller is obliged to sell the product on its own. Reseller shall exert its best effort and resources to market and sell the products to consumers.
- Purchase Orders shall be submitted thru Product Specialist or directly to the Head Office by or thru written request, indicating the product to order, quantity, discounted price and price to sell.
- Upon receipt of your request, the Operations Department will process your request and is expected to be delivered via courier or pick-up by the reseller or thru Product Specialist 2-3 days upon receipt of order and/or as scheduled.
- All notices and communications must be in writing

III. PRODUCT USE

The proper use of the product/s given and obey posted rules and precautions by W&Rx Bioceuticals Inc.

- Though the product is Over-The-Counter (OTC), we highly recommend to seek the physicians' advice and consent prior to intake.
- We discouraged taking the product 15 mins. before and after meal. The nicotine in EZEEQUIT may not be absorbed by the mouth if it's acidic.
- Taking EZEEQUIT will be most effective if you take it to replace the cigarettes you usually smoke.
- You are only supposed to use just 1 pastille at a time. You will have to wait at least 1 or 2 hours before your next pastille (or depending on what phase of the program you are in).
- You should not exceed 20 pastilles in a day.
- EZEEQUIT is not proven to be safe for pregnant and lactating women, as there may be adverse effects on the child. Use EZEEQUIT only if prescribed by the physician.
- Use EZEEQUIT with caution if you have the ff:

- Cardiac diseases
- Recent myocardial infarction
- Irregular heart rate
- Peptic ulcer disease
- Uncontrolled hypertension
- Coronary Artery disease
- Side effects of EZEEQUIT, usually mild, are gastrointestinal (e.g. dyspepsia, hiccups, nausea) and respiratory (e.g. cough, irritation in the mouth) in nature.
- Taking EZEEQUIT may affect the pharmacokinetics of the ff:
 - Slows down Propoxyphene (metabolism)
 - Slows down Furosemide (diuretic effects)
 - Slows down Glutethimide (absorption)
 - Boost up Propranolol (cardiac output)
 - Boost up Insulin (absorption)
- The product/s is strictly for 18 years old and above.

IV. LIABILITIES

- Whatever the claims of the person with regards to the product in relation to the reseller, the Company shall be released from all liabilities concerning the product upon its release to the reseller.
- Product can only be sold thru individuals. Outlets or retailers selling is strictly prohibited.
- Product purchased cannot be returned, replaced or repair.
- Products are under no warranty.

V. TERMINATION

The Company may on its own pre-terminate the permit of the reseller if found with negligence and fault in handling, advertising the product and etc.
